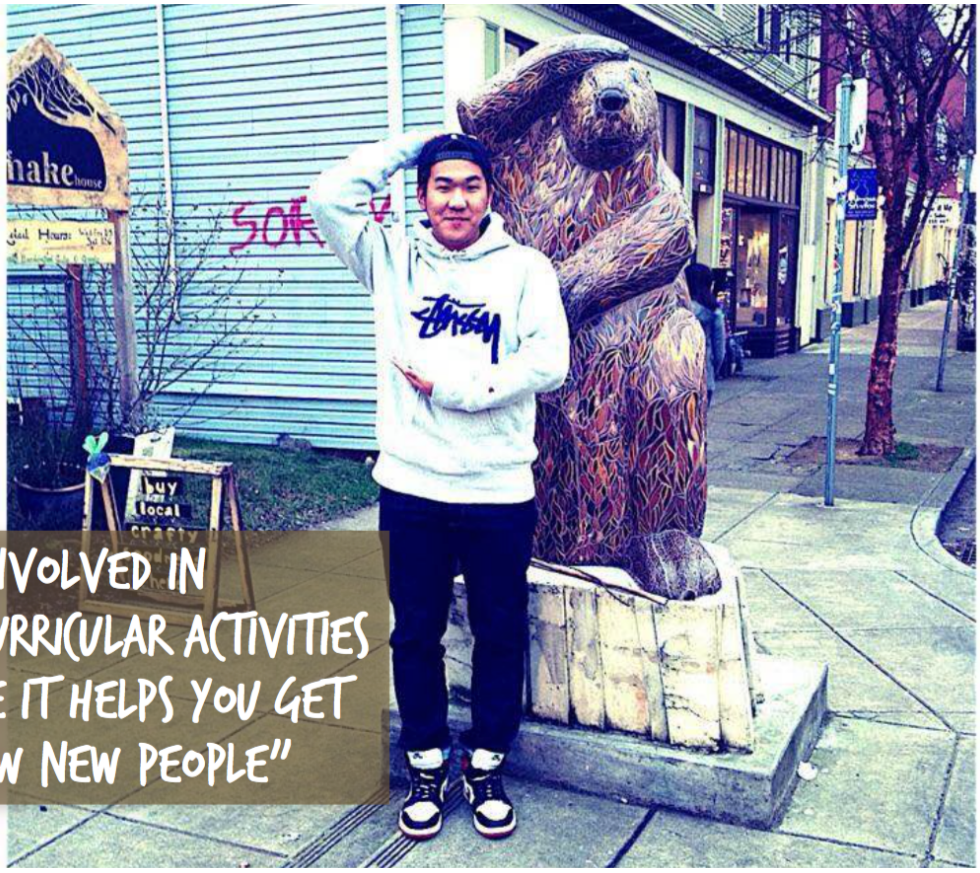
TAITO
FROM JAPAN
DVC - BIOLOGY



WHY DID YOU CHOOSE TO STUDY AT DVC?
I had a friend from my high school who is also majoring in Biology at DVC and he recommended me that DVC has a great education system to support all the students to transfer successfully to 4 years university.

WHAT DID YOU LIKE BEST ABOUT DVC?
There are variety of classes and extracurricular activities you can take depending on your majors.

WHAT ADVICE WOULD YOU GIVE TO A NEW DVC INTERNATIONAL STUDENT?
Get involved in extracurricular activities because it helps you get to know new people, and volunteer activities are helpful for your resume.

WHAT EXTRACURRICULAR ACTIVITIES WERE YOU INVOLVED IN WHILE STUDYING IN DVC?
I was mostly involved in Habitat for Humanity club, which is volunteer work to help people in need. I also joined Red Cross Club, Japan Club, and International Student Club.

HOW WILL YOUR STUDIES/EXPERIENCE AT DVC HELP YOU ACHIEVE YOUR CAREER GOALS?
My studies at DVC and employment in the International Student Admissions & Services help me to become more independent as a student and learn things that I need to know in order to achieve my career goals in the future.
